1. How many buffalo were killed?
2. How were the buffalo killed?
3. What part of the buffalo did the Native Americans cut off first?
4. Why were the rib bones always broken?
5. What time of year was it? (Winter, Spring, Summer, Autumn)
6. Apart from butchering the Buffalo, what else were the Native Americans doing?
7. Where were the Native American men during the hunt?
8. Which way was the wind blowing towards? (north, south, east west)

ONLY eight questions?? Looks so easy? I think not.
